Complete professional competence

QUALITIES

- Autonomie
- Adaptation
- Teamwork
- Creativity
- Learning

HOBBIES

- Passion for video games
- Camping
- Cross-fit
- Music (Old School)

EDUCATION

National School of Computer Science and Systems Analysis - RABAT

Speciality : BI&A

Sep 2021 - May 2024

Preparatory class for high schools

Sector: TSI

Sep 2019 - July 2021

BAC Mechanical Sciences and Technologies

Mention : Good

Sep 2018 - July 2019

INTERNSHIPS

Internship observation

July 2022 - August 2022

Intern in a small company called Medical Systems

MY PROJECTS

Face emotion recognition

- Using the power of PYTHON
- CNN approach

Social media: Fake Account DETECTION

- Case study: INSTAGRAM
- Using Python

A predictive Analytics Approach for stroke Prediction

- Implement famous supervised algorithms
- Perceptron Simple & Multi-couche

Medical systems stock management

- SQL Server (T-SQL)
- PHP (Back end)
- HTML5 / CSS (front end)

AR Chemistry Augmented Reality (Mobile App)

- Using Unity
- C#

Predict the power consumption in 10-minute windows of Tetouan city using machine learning techniques

- Time Series (ARIMA Model)

TECHNICAL COMPETENCE

- Machine Learning
- Deep Learning
- Power BI / Tableau
- HTML5 / CSS / JS / Bootstrap
- PL-SQL / T-SQL
- Excel / Access
